

It's Right - It's Practical

We believe a majority of the Legislators in Washington will quickly agree that the American farmer is entitled to the right to produce a reasonable proportion of the needs of his table Sugar. He can do so competitively.

Two decades of records, and especially the past few years with improved strains, demonstrate that Glades soil is not excelling in POUNDS PER ACRE PER YEAR by any area furnishing sugar to American tables.

Cooperatives in the Glades have an enviable record of substantial growth and efficiency of operation to the advantage of the farmer - through the expert knowledge of how to WORK cooperatives and MAKE THEM WORK for the benefit of the farmer.

The twenty-one farmer groups represented in the now legally existing Sugar Cane Growers Cooperative of Florida are united together ownership of lands of proven adaptability for tonnage production, and in avoidance of weather hazards in late winter and spring harvest of sugar cane.

This group has the desire, the best land of the community, a knowledge of working together cooperatively, the community needs the additional substance of diversification through production of an everyday table necessity.

A million and a quarter dollars annually in payroll, plus sharing profit for the farmer, are major economic additions to the community.

It's right - it's practical.

Operating A City's Business

Costs Money - Takes Some Doing

We believe you should know something of the details involved in operating a city, even as small as ours.

You will find some of the details in this resume of the monthly reports submitted to the City Commission and the City Commission.

A Scuba Club has been organized for adults and children, with Jim Jones of the Highway Patrol as sponsor.

The pools are open Monday, Wednesday and Friday evenings from 7 to 8:30 p. m. with 221 attendants at the Municipal Pool for six evenings and 53 for five evenings at Lake Shere.

The Lake Shere pool had four major portions of the city.

Added 179 books, total book circulation 1,735.

Fire Department
Had two drills with 17 men attending one and 18 the other.

There were four alarms; one first aid call, gasoline on street started and grease on stove caused another and the fourth started inside a building.

Park Department
There were 23 reservations for the recreation room.

Parties, picnics, school, church and family reunions were among the occasions for request for use.

Municipal Pool
The municipal pool had 6,891 customers; Lake Shere pool had 2,071 and two parties.

The women's Aquatic Club met every Wednesday morning with 114 receiving six hours of swimming instructions.

Financial Institutions
Index To County's Growth
Palm Beach County's banks and savings institutions gained some 20 million in deposits and savings during the past 12 months, while reserves gained 6 percent.

From 1930 when deposits and savings were \$11,214,646, to June 30th of '40 the bank was 25 percent to \$17,071,150. Reserves grew from the \$9,000,000 to \$11,000,000, and \$147,998,211.

Terrel Williams
The excellent record of James Terrel Williams at University of Florida places him on the Dean's List for the second semester, according to Winston W. Little, Dean.

Wakes Dean's List
The following are the names of the students who were on the Dean's List for the second semester, according to Winston W. Little, Dean.

City Receives FL & P Franchise Payment
A gain of some 45 percent since the '36 payment of franchise fee by the Florida Power & Light, gives the City of Belle Glade for the 39-40 year, \$24,745.00.

This tax, is one that was put on as an escape to take up some slack on account of honest tax exemption, and is reaching a size that is substantial.

Incidentally, the tax is pledged for payment of the swimming pool and recreation bonds, and therefore serving a good purpose. Interest on the money as well as the retirement of the bonds is included.

However, with the mounting costs of operation, it is well that the Power Commission is increasing its business.

In 39-40 the tax was \$23,073; in 40-41 it was \$24,745; in 41-42, 987 and in 42-43, \$17,138.

They Gamble On Racing
PB County Gets \$188,700
The income from the state racing tax is split equally among the 67 counties. Each county gets \$2,813.73 from the state's race track.

Hialeah, Gulfstream, Tropical and Sunshine Park. Receipts this year showed an increase of 5.8 per cent in race track taxes over last year.

Millage Down

Assessment Up

A reduction of 13 mills, from 5.92 to 5.79 by the County Commission, and an increase of \$69,019.25 in non-exempt assessment value, gives an appraisal of Palm Beach County's tax angle for the coming year.

Mr. David Stewart, County Tax Assessor, informed the commission that a majority of the increase in assessment is due to additions and improvements, rather than a raise in assessment of the estate.

The total roll will raise \$83,771,015, with \$16,759,190 of this being in tax-exempt property, to bring the total for exemptions to \$205,274,860.

The total assessment roll of \$1,148,800,470, less the exemption, leaves a net taxable assessment value of \$1,033,999,980, tangible personal property of \$94,322,990, railroad and telegraph of \$5,854,150, and \$943,622,840.

There will be an advertised public hearing on August 8th, and it is anticipated that the Chairman's declaration in favor holding the line at 5.79 will be upheld.

Palmer January has filed with the City Clerk for re-election to the position he now holds on the City Commission.

Billy Evans, the other Commissioner whose term expires, has not yet filed.

Books registration are now open at the City Hall and will remain open until September 2, at 4:30 p. m.

The time for filing will expire on August 24th.

Rainbows Attend Supreme Session

The 18th Supreme Assembly Session of International Order of Rainbow for Girls was held July 12-14 at the Fountainbleau in Miami Beach.

Rainbow girls from all over the United States and also from Puerto Rico, Canada, Japan, Cuba, Philippines, India, and Cuba attended.

Representing Belle Glade Assembly No. 1 were Karen Vaden, Mrs. A. B. Schaefer and Mrs. W. E. Schaefer.

Also attending the session on Wednesday from Belle Glade were Mr. and Mrs. Robert Allen and daughter, Carol.

California Rainbow girls presented a 49 star flag to Alaska and a 50 star flag to Hawaii.

National flags from Japan, Puerto Rico and a state flag from Maryland were presented for the International Temple in McAllister, Oklahoma.

The next session will be held in Illinois in 1942.

Edgar Hoover Says: Beware "Underdogs May Be Mad Dogs"

We are faced today with one of the most disturbing trends in law enforcement—an overzealous policy for the criminal and an equivalent disregard for the innocent.

This dangerous tendency is inherent in the various theories and systems now being suggested, many of which are aimed at making sweeping changes in our established methods of dealing with the lawless.

A continual study of all practices is a necessity, for there is no progress in a static society, but every conceivable angle must be considered before revisions are made.

One proposal, which proponents attempt to justify from an economy standpoint, calls for a vast decrease in the number of persons sentenced in prison.

Other diverse schemes being proposed, but every one would have the effect of virtually opening the doors of our prisons to lawless elements.

These plans, of course, would remove the lawless from the most feared by the criminal—punishment for his misdeeds.

A prison official proposes that all jails be converted into hospitals or rehabilitation centers. Inmates are not in prison to be punished but to be treated as sick men, he asserts. With these few words he has adjudged all criminals mentally ill. Do away entirely with definite prison terms, exhort another individual to advocate the abolishment of an absolute indeterminate sentence system without a criminal record, and he is "rehabilitated." A pre-meditated plan to place an acting ability to undergo exposure to a reciprocal law throughout the United States whereby all charges against a criminal, no matter for what crime or in what jurisdiction—would be wiped out by serving one prison sentence.

Americaners are noted for fastidiousness in the matter of law. Still another expounded a "mad dog" transformed into a "good dog" by the action of people who quickly forget or choose to ignore the great suffering by innocent victims of lawless and professional criminals.

Editorials

An infallible method of conciliating a tiger is to allow oneself to be devoured.

THE KEY TO THE CITY

A frequent award to a visiting dignitary is a gold-hued key to the city. Perhaps, you as a resident sometimes dream that you could receive such a presentation.

Well, right now you do have a key — a mighty important one to the future of Belle Glade in the form of the Clean-Up, Paint-Up, Fix-Up campaign.

By renovating your property, urging your children to participate, joining neighbors in improving the blocks surrounding your home, persuading business associates to support the campaign, our city will improve in health and beauty. And this is the key to a city that will prosper and progress. It will stop the tourist, invite new industry, appeal to your children as a good place to remain up adulthood.

The key is within your grasp — it will unlock health, happiness and prosperity if properly handled.

You can be a dignitary in your own home town, receiving a key more valuable than the symbolic one presented visitors. The key is yours for the asking — Clean-Up, Paint-Up, Fix-Up.

OLD WIVES' TALE

All the physical sciences have made great strides in recent years. The science of dietetics is among them.

Old and erroneous beliefs about foods and diet have been dissipated. An important example has to do with meat.

There used to be a question about meat's digestibility. And for this reason a good many people were convinced that, despite meat's outstanding palatability, it should be consumed sparingly.

But now it is known that meat is almost entirely digestible. That is true of all meats—pork, beef, lamb, veal and the rest. It is also true of all the various cuts—an inexpensive one is just as digestible as the most costly.

A U. S. Department of Agriculture bulletin tells the story briefly: "In 44 experiments the average digestibility of both the proteins and fat of beef, veal, mutton, and pork, cooked in various ways and eaten as part of a simple, mixed diet, was 98 per cent. The results obtained were practically the same regardless of the kind of meat."

Thus passes an old wives' tale of long standing.

FRITTERING AWAY YOUR MONEY

The House of Representatives voted the National Science Foundation the sum of \$160 million for this fiscal year. Shortly thereafter, the Foundation made a grant of \$50,000 to a university for a study of bird sounds.

That brought an acid and apt comment from Representative Gross of Iowa: "Is it too much to hope the day will come when some foundation, richly endowed by Congress, will make a study and record for posterity the anguished sounds of taxpayers when they read how their money is being frittered away?"

LAFE IT OFF

Sign in machine shop: "Girls, if your sweater is too large for you, look out for the machines; if you are too large for the sweater, look out for the machinists."

A beatnik lived in a shabby room with only a pad (bed to the unhip) and a single rickety chair. One night a fellow beatnik dropped by and noted two magazines lying on the floor. "Like what did you do, man," he asked, "hire a decorator?"

Aldermen Attend Furniture Show In High Point

Mr. and Mrs. Joe Alderman and their daughter Brenda recently enjoyed a two weeks vacation in North Carolina, spending the first week at the furniture show of the 14-acre Southern Furniture and Rug Market in High Point.

The High Point Market is located in the heart of the greatest concentration of furniture production in the world. Within a quadrangle of 150 miles of the Southern Furniture Exposition Building is produced 52 percent of the nation's wood bedroom furniture, 46 percent of the nation's wood dining room furniture, and 17 of the nation's upholstered furniture.

On their return trip the Aldermans spent a week vacationing in the Blue Ridge mountains and stopped overnight with Mrs. Alderman's family in Crestview. The Aldermans own and operate The Glades Mercantile Company with stores in Belle Glade and Pahokee.

Old-Time Smokehouse In Belle Glade Store Earns Manager \$150

At least one Belle Glade man is an authority on the good things to eat that an old-timey smoke house produces. This is C. G. Duke, manager of Kwik-Chek Market at 323 W. Avenue, B, is \$150 richer because of his specialized "smoke house knowledge" and industry in building one in the store.

Mr. Duke has been awarded First Prize in that sum in a display contest sponsored by Talmadge Farms. Announcement of the winner was made today by Georgia Senator Herman E. Talmadge and his wife.

The contest was among all Winn-Dixie Kwik-Chek stores in this south Florida division. Awards were made for "most effective" merchandising display of the products. Winn-Dixie store manager for the store is Mr. E. Kaus, 20 N. E. 8th Avenue, Fort Lauderdale.

Thanks For Your Help

More than \$1,375,000 worth of Florida produce was purchased during the last season through the Pahokee buying office of Winn-Dixie Stores, Inc., which operates 510 supermarkets throughout the South, it was announced by C. W. Waldorf, manager of the company's Miami division.

These purchases were made throughout the Pahokee-Belle Glade area. Total purchases of Florida produce by the company's field buyers in the state amounted to more than \$5,448,000 it was revealed.

If you have anything to sell, on ad in this newspaper will sell it quickly. For only a few pennies a classified ad will sell... sell... sell

Uncle Dan From Democrat River

Dear Mister Editor: I been noting where some of them column writers for the big dailies use the dot system every once in a while. It looks like they got a heap of things on their mind but don't know how to put 'em together. So they just add a few dots and move on to the next column.

I got a few items on my mind this week, ain't too shore I can put 'em together, so I'll just add a few dots here and there and keep plowing. — After all, them big column writers ain't got no copyright on dots.

I see by the papers where the Army is going to discharge 10,000 "incompetent soldiers," Army different now. When I was in it back during World War I they didn't discharge 'em, just promoted 'em to second lieutenants.

These political candidates is all running their campaign on what you might call the "one-two-three-period" plan. "No. 1: There ain't no truth to what my opponent, the distinguished gentleman, says. No. 2: He ain't distinguished and he ain't no gentleman. No. 3: He didn't say nothing in the first place. Period."

I reckon, after all, we got the best Government the world. They take it away from the big business and give it to the little fellow, then big business takes it away from the little fellow and the Government takes it back again. That way they keep it going round and round in circulation and when they run short they raise the public debt.

In the last two year I've looked at 827 horse tail hairdos these teenagers is wearing and have

decided that a horse-tail looks better on a horse... If I had my life to live over I think up someone that costs a dime to make, sells for a dollar and is habit-forming.

The year 1960 will go down in history as the year the word "soap" disappeared from our language. By the end of this year, TV commercials selling janitors and lively stable help will speak only of the "detergent," but I went over to my neighbor's house and looked up the word. It means, the book says, someone that "clears a way foul matter." I hope they'll use a little of it on them TV commercials in 1960.

Them Brass Hats in Washington now admits that Russia is "a little above us" in the production of space weapons. That could prove fatal, Mister Editor. I've known of many a feller that was drowned in water that was just "a little above his head."

Yours truly, Uncle Dan

CARD OF THANKS

With a heart of gratitude and deepest appreciation I wish to express my sincere thanks for the many acts of kindness extended during my hospitalization.

I appreciate very much the fine care given me by the doctors and nurses at Belle Glade Hospital.

I shall ever be grateful to each of you.

Nora Sanders

LOANS MADE TO RESIDENTS OF ALL NEARBY TOWNS

Osceola H. D. Club

Remains Active During Summer

At the July 15 meeting of Osceola's Home Demonstration Club, held at the home of Mrs. Ruth Griggs the group learned to make hats from cecropia leaves.

They decided to purchase baby scales for a Baby Clinic to be set up this fall in Osceola under P. H. N. Miss Rachel Rodgers. They also planned to have a work meeting on the quilt Thursday afternoon, July 21.

Mrs. Pierce will present a program at the August 11 meeting on sewing details such as making good-looking belts and button holes; recutting old garments into new ones and other sewing ideas.

Present at the meeting were Viola Uptain Margaret Faulk and daughter Patsy, Eula Kingery, Ruth Lief, Dorothy Wade, Ida Pullin, and daughter, Brenda, Betty Purser and baby son, Mrs. F. C. Pensenden and Ruth Griggs. The club was glad to have as guests, Mrs. Paul Kirchman and Mrs. Martin Giese of the Belle Glade Home Demonstration Club.

Robert Barnes of Lake Worth visited his sister-in-law, Mrs. A. B. Barnes Monday.

South Bay Chief of Police and Mrs. Marvin Davis are vacationing at Jacksonville, and Tampa.

Mrs. Katie Summers of Tampa spent the weekend with Mr. and Mrs. W. C. Allen.

Mr. and Mrs. Lewis Kelo of South Bay are spending a few days this week at Fort Myers Beach.

OF LOCAL INTEREST

FROM SOUTH BAY AND BEAN CITY
Reported by Effie Allen. To report happenings from these two communities call WY 6-2428 no later than Monday morning.

Mr. and Mrs. Alfred Lamoureux had as recent guests her brother-in-law, C. E. Taylor of Elysian, Minn.

Mr. and Mrs. Lewis Woodham and family are visiting relatives at Ozark, Ala.

FAMILY PUTS 2000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting — "at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

FOR ECONOMIC TRANSPORTATION

If you haven't driven it yet, you don't know what a delight driving can be. Its steering, response, traction and roadability are unique because it's a unique car — the only U.S. car with an air-cooled airplane-type rear engine, transaxle and independent suspension at all four wheels. Be in on the know. Find out what delightful differences this advanced design makes.

HAMBURGERS 'N HOT DOGS

Make a Picnic a Party

Hamburgers just naturally taste wonderfully good when made with our GROUND BEEF because it's ALL lean, top-grade beef, freshly ground several times daily to assure you of that real beefsteak flavor. And our hot dogs—they're so juicy... so tender... so tasty you'll know at first bite you never had 'em so good. So—for this weekend—pick up GROUND BEEF and HOT DOGS at CASE RATE and make your Sunday picnic a party.

Team Spirit Wins For SB Lions Team

"A high team spirit and all out effort by every player, from the base coaches up to the pitcher, brought us the Little League Championship this year," states the Lions coach, Thomas Williams. "Also, we owe a lot of credit to the people who gave us the fine support that we had." The players are to be commended for their conduct on the field as they were complimented by three umpires as being a well behaved team. That alone should make the supporters of the team proud because, after all, that is the primary objective of Little League, learning how to win and lose and still conduct yourself in a way that is favorable to all. Not once in the season did a player question a decision of an umpire or try to provoke trouble with the opposing team, so they must have learned something other than how to win ball games. Truly, these competitors are equal to the team trophy they will receive."

"Every player rates equal credit for our winning. After losing the nucleus of our team last year, the boys that returned this year did their share by playing their position to their best ability. At times they had to play different positions, but you could not tell by the performance turned in, in each game. So all told, it was a very successful year."

"The team wants to thank Clayton Waters for the caring of the field, the Lions Club for sponsoring us, Mr. Crisfield and Bonnie Yates for the score keeping, and last but not least all the people of South Bay for the wonderful support they gave at every game."

Two Special Events Slated Friday; Contest Week Will End Program

Registration has increased to 218 in the Summer Recreation Program which is sponsored by the PB County Board of Instruction in cooperation with the City of Belle Glade. The enrollment has lagged in the past due to other activities and many on vacations.

The coming week will be filled with activities according to Jim Maynor, who with Carney Wilder as assistant is supervising the program. With Mrs. Gladys McDonald, park superintendent.

The Talent Show, the special event for last Friday was rained out. This week's special events will be a Pet Show at 3 p. m. and bike races at 4 p. m. Contestants must have pets for the show at the Scout hut by 2:50 p. m. As soon as the pet show is over bike races will be run in three groups. Group 1 will include 6, 7, 8 year old girls and boys; group 2 will be ages 9 thru 11; Group 3, ages 12 thru 14.

Contest week will begin Monday.

Spills And Thrills Stock Car Races Full Of Action

A large turnout of cheering spectators, including many Belle Glade residents, witnessed an exciting evening of stock car racing at the Ft. Pierce Speedway last Saturday, as modified stocks and sportman cars put on a program loaded with spills and thrills.

Participating in the evening races were Albert "Al" Angel Brad Chisholm and Ron Dalley, all of Belle Glade. As the modified stock race was in progress, the feature in a field of thirteen cars was a modified stock race. The modified drivers had more than their share of spins and thrown wheels in the Ft. Pierce oval which is becoming one of the fastest, daring tracks in this section with its long straight-aways and tight turns. The local drivers had their share with Brad Chisholm spinning out three times and Angel throwing a right front wheel and spinning out twice in the fifth race.

Sportman drivers had less mishap as they were more familiar with the track. However, the driving was fast and hard as Al Tokes, Dick Crow and Al Cox continued to be the chief rivals.

Another evening of racing is on tap this coming Saturday at Ft. Pierce with both modified and sportman cars on the program. First event starts at 8:30 p. m. Millard Wright of Boynton Beach will be out after his second straight feature win and the local men are hoping they will be able to stop him and take the checkered flag themselves.

Results of last Saturday's events:

First Heat - Modified
First: 18-A, Ray Byle; Second: C-7, Leroy Hols, Third: D-8, Jack Richmond.

Second Heat - Sportman
First: 4, Al Tokes; Second: 63, Dick Crow; Third: 1, Jerry Harrison.

Third Modified
First: 18-A, Ray Byle; Second: C-7, Leroy Hols, Third: D-8, Jack Richmond.

Fourth Sportman
First: 79, Al Cox; Second: 63, Dick Crow; Third: 4, Al Tokes.

Fifth Modified
First: D-8, Jack Richmond; Second: 17-A, Millard Wright; Third: 56, Brad Chisholm.

Feature Sportman
63, Dick Crow; 79, Al Cox; 4, Al Tokes; 19, Eddy Harrison.

Feature Modified
97-A, Millard Wright; 91, Fred Parham; P-38, Fred Conner; D-8, Jack Richmond.

Operating A City (Continued From Page One)

Four hundred twenty golfers registered to play; civic meetings as usual and no private parties.

Sewerage Plant

Other than regular maintenance and operation, there was nothing of importance.

Police Department

Business not unusual. Of the 112 arrests made, 96 were fingerprinted, classified registered with FBI and recorded.

84 of the arrests were convicted, 9 turned over to other agencies, and 22 were lucky they were dismissed.

799 folks parked too long, or otherwise violated the traffic ordinances; 100 let the time get into the \$1.00 class. A total of \$380 came in from meters.

Dog Warden

Ten poaches and four cats were snagged.

Clean-up work was done especially at the Marina.

Sanitary Inspector

7,284 yards of trash and garbage was hauled by City trucks; total expense was \$4,147.

55 for the department's operations, including inspections etc.

There were a total of 34 permits issued for a total valuation of \$131,200, with nine of them residential. There were 14 commercial inspections.

Numerous electrical, plumbing and other inspections brought the total to 195 for the month.
